Children's Single Point of Access Application Part 1

Instructions

Thank you for completing this application for the Children's Single Point of Access. When a child in our community is in need of assistance, we are always grateful to find out so that we can make sure that s/he is connected to the care and support that they and their family need.

The Children's Single Point of Access (C-SPOA) is operated by Wayne County government to enable families' easy, streamlined access to the mental health service system regardless of their financial resources or insurance status. While C-SPOA does not provide any direct services, it can help a family to access the complete continuum of mental health services for a child. If you are in doubt as to whether the child about whom you are concerned should be referred to the C-SPOA, please make the referral.

The attached form requests information that will enable us to ascertain how best to begin serving this family.

- **Please complete this form no matter what kind of insurance the child has, or if the child has no insurance. C-SPOA services are available for all children in NYS, regardless of their insurance or immigration status.**
- **Please complete the form to the best of your ability – fields can remain incomplete if information is unavailable.**
  - **If you have documentation of the child's diagnosis, please provide it, but we do not want you to delay the application gathering documentation.**
  - **The C-SPOA will be able to help capture any missing information once you submit this form to them.**
  - **If you need help with this form, please call Dawn Brogan at 315-946-5722.**
- **There are two consent forms attached to this application.**
  - **The Consent for Release of Information is REQUIRED in order for us to access the information we need to process this application. Therefore, we cannot process this application without appropriate consent signatures.**
- **The Children's Single Point of Access (C-SPOA) Patient Information Retrieval Consent is highly recommended. This information is NOT required, but will help us to coordinate services for the child, so we strongly encourage the patient/guardian signs it.**

When you have completed this form, please submit it by encrypted email to dbrogan@co.wayne.ny.us, by fax to 315-946-7066, or by mail to Wayne Behavioral Health, Attn: SPOA Coordinator, 1519 Nye Rd, Lyons, NY 14489.

Optional Children's Single Point of Access (C-SPOA) Patient Information Retrieval Consent

_____
Name of SPOA County

By signing this form, you agree to have your child's health information shared with the SPOA Committee. The goals of the SPOA Committee are to improve the integration of medical and behavioral health and to help healthcare providers improve quality of care. To support coordination of your child's care, health care providers and other people involved in such care need to be able to talk to each other about your child's care and share health information with each other to give your child better care. Your child will still be able to get health care and health insurance even if you do not sign this form.

The SPOA Committee may get health information, including your child's health records, through a computer system run by_____, a Regional Health Information Organization (RHIO) and/or a computer system called PSYCKES run by the New York State Office of Mental Health. A RHIO uses a computer system to collect and store health information, including medical records, from your child's doctors and health care providers who are part of the RHIO. The RHIO can only share your child's health information with people who you say can see or get such health information. PSYCKES is a computer system to collect and store health information from doctors and health care providers to help them plan and coordinate care.

If you agree and sign this form, the SPOA Committee members are allowed to get, see, read and copy, and share with each other, ALL of your child's health information (including all of the health information obtained from the RHIO and/or from PSYCKES) that they need to arrange your child's care, manage such care or study such care to make health care better for patients. The health information they may get, see, read, copy and share may be from before and after the date you sign this form. Your health records may have information about illnesses or injuries your child had or may have had before; test results, like X-rays or blood tests; and the medicines your child is now taking or has taken before. Your child's health records may also have information on:

1. Alcohol or drug use programs which you are in now or were in before as a patient;
2. Family planning services like birth control and abortion;
3. Inherited diseases;
4. HIV/AIDS;
5. Mental health conditions;
6. Sexually-transmitted diseases (diseases you can get from having sex);
7. Social needs information (housing, food, clothing, etc..) and/or
8. Assessment results, care plans, or other information you or your treatment provider enter into PSYCKES.

Health information is private and cannot be given to other people without proper permission under New York State and U.S. laws and rules. The providers that can get and see your child's health information must obey all these laws. They cannot give your child's information to other people unless an appropriate guardian agrees or the law says they can give the information to other people. This is true if health information is on a computer system or on paper. Some laws cover care for HIV/AIDS, mental health records, and drug and alcohol use. The providers that use your child's health information and the SPOA Committee must obey these laws and rules.

Please read all the information on this form before you sign it.

☐ **I AGREE** that the SPOA Committee can get ALL my child's health information through the RHIO and/or through PSYCKES to give my child care or manage my child's care, to check if my child is in a health plan and what it covers, and to study and make the care of all patients better. I also AGREE that the SPOA Committee and the health provider agencies may share my child's health information with each other. I can change my mind and take back my consent at any time by signing a Withdrawal of Consent Form and giving it to one of the SPOA participating providers.

_____ _____

Children's Single Point of Access (C-SPOA)
Patient Information Sharing Consent

Details About Patient Information and the Consent Process

1. How will SPOA providers use my information?

If you agree, SPOA providers will use your health information to:

- Coordinate your health care and manage your care;
- Check if you have health insurance and what it pays for; and
- Study and make health care for patients better.

The choice you make does NOT let health insurers see your information to decide whether to give you health insurance or pay your bills.

2. Where does my health information come from?

Your health information comes from places and people that gave your health care or health insurance in the past. These may include hospitals, doctors, drugstores, laboratories, health plans (insurance companies), the Medicaid program, and other groups that share health information. For a list of the information available in PSYCKES, visit the PSYCKES website at www.psyckes.org and see "About PSYCKES" or ask your treatment provider to print the list for you.

3. What laws and rules cover how my health information can be shared?

These laws and regulations include New York Mental Hygiene Law Section 33.13, New York Public Health Law Article 27-F, and federal confidentiality rules, including 42 CFR Part 2 and 45 CFR Parts 160 and 164 (which are the rules referred to as "HIPAA").

4. If I agree, who can get and see my information?

The only people who can see your health information are those who you agree can get and see it, like doctors and other people who work for the SPOA and who are involved in your health care and people who work for a SPOA provider who is giving you care to help them check your health insurance or to study and make health care better for all patients.

5. What if a person uses my information and I didn't agree to let them use it?

If you think a person used your information, and you did not agree to give the person your information, call one of the providers you have said can see your records, the SPOA at_____, the United States Attorney's Office at (212) 637-2800, or the NYS Office of Mental Health Customer Relations at 800-597-8481.

6. How long does my consent last?

Your consent will last until the day you take back your consent, or if the SPOA stops working, or three years after the last date of service from the SPOA, whichever comes first.

7. What if I change my mind later and want to take back my consent?

You can take back your consent at any time by signing a Withdrawal of Consent Form and giving it to the SPOA. You can get this form by calling _____. Note: Even if you later decide to take back your consent, providers who already have your information do not have to take it out of their records.

8. How do I get a copy of this form?

You can have a copy of this form after you sign it.
