

Home Health Care Agencies - Certified (CHHA)

- Certified Home Health Agencies (CHHAs) provide part-time, intermittent health care and support services to individuals who need intermediate and skilled health care.
- CHHAs can also provide long-term nursing and home health aide services, can help patients determine the level of services they need, and can either provide or arrange for other services including physical, occupational, and speech therapy, medical supplies and equipment, and social worker and nutrition services.
- Services provided by CHHAs may be reimbursed by Medicare, Medicaid, private payment, and some health insurers.
- The NYS Department of Health is responsible for monitoring the care provided by Certified Home Health Agencies and Licensed Home Care Service Agencies. Complaints, questions or concerns about home health agencies should be directed to the Home Health Hotline (800-628-5972)
